MEMORANDUM FOR HEADS OF DEPARTMENTS AND EXECUTIVE AGENCIES

FROM: JAMES C. MILLER III
DIRECTOR

SUBJECT: "Highlights of the President's
FY 1989 Management Report"

Through the joint efforts of all the departments and agencies, the President's Management Improvement Program: Reform '88, has been rapidly progressing in setting the management stage for the year 2000. The achievements of our six-year venture to troubleshoot and improve government mismanagement were detailed in Management of the United States Government FY 89 which you received last February.

I am enclosing a new document, "Highlights of the President's FY 1989 Management Report," which visually portrays a summary of our accomplishments since 1982 and the outstanding goals of Reform '88. I encourage you to use this as a tool to promote your own agency's progress in the management area. Additional copies may be obtained by contacting my Public Affairs office at 395-3080.

Your support of Reform '88 thus far has been greatly appreciated and I look forward to your continued participation in implementing the final phases of this innovative and successful management program.
